An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Sanford Colb on 10/16/2005.

The application has been amended as follows:

Claim 179 has been canceled.

Claim 179 was canceled in that the examiner indicated that the rejection would still stand on claim 179, but the remaining claims were allowable. Applicant then agreed to cancel claim 179.

The following is an examiner's statement of reasons for allowance: The rejection based on Sauke in view of Fabinski has been overcome for the following reasons. Sauke shows a system with a single reference chamber, having both isotopic species. However, each of the 2 reference wavelengths is responsive only to one of the species in the chamber. As such, when splitting it into 2 chambers, as taught by Fabinski, there

would be no reason to include both species in each reference chamber, as each wavelength is only responsive to one of the species.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert L. Nasser whose telephone number is (571) 272-4731. The examiner can normally be reached on Mon-Fri, variable hours.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Max Hindenburg can be reached on (571) 272-4726. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
